

LOCAL MATTERS.

The rain pours down in torrents from day to day.

We had another big trash-moving rain on Tuesday night.

The public bridge over Chauga, near Horse Shoe, was washed away recently.

William Cook, one of our oldest citizens, died recently at his residence near Tunnel Hill.

The advertisement by Mr. Gibson, an attorney for Mr. Mickler and Crane, Boylston & Co., will attract attention.

What number or class or condition of our people will the division of the County of Oconee benefit? We pause for a reply.

A compost heap of manure in the lot may send out enough typhoid fever to kill half the people in the neighborhood.

The Rev. Mr. McDuffie will preach at the Richland Presbyterian church on next Sabbath, September 10th, at 11 A. M.

The Sandy Springs camping in Anderson county embraces the third Sunday in September. The meeting will begin on Wednesday night before.

M. F. Ansel, Esq., has received the highest vote in the primary election in Greenville for the Legislature. He was reared and educated at Wallhalla and is one of the most promising young men of the State.

The third quarterly conference of the Wallhalla Circuit will be held at Hopewell church on next Saturday and Sunday, the 9th and 10th instants. The new church will be dedicated at that time.

We are glad to meet again in town our young friend, Mr. J. D. Cappelmann, of Charleston. Rumor has it that Mr. Cappelmann is matrimonially inclined and will soon claim one of Wallhalla's fair daughters as his bride.

The fall session of the South Carolina Presbytery will be held at Richland Presbyterian Church in this county beginning on Thursday, the 14th of September. The meeting of this body will no doubt be an interesting one and will be largely attended by our people.

We pay large sums every year to insure our property against loss by fire, but how much do we spend to clean our premises to insure us against sickness and premature death? Remember that the sickly season is here and that every precaution should be taken to preserve our health.

Every citizen who wants good government, low taxes and peace and harmony, should be solid for Democracy. There is no use of talking about turning this government over to a few Greenback office seekers and the old corrupt host who had possession of the government in Radical times.

The good Lord does not willingly afflict his children with diphtheria and typhoid fever. These diseases are home-made and we have no right to excuse our own want of cleanliness and a proper regard to the laws of health. When a case of typhoid fever occurs don't rest until the cause is removed.

There are statements in the papers which go to show that W. W. Russell, Greenbacker, and L. L. Guffin, Republican, will become candidates for Congress in the Third Congressional District in opposition to Col. D. Wyatt Aiken.

Anderson county has her free schools in operation about six months in the year. Oconee has hers open about a month in the year. Divide Oconee and the upper county would have her schools open about one month in the year and in the county below they would be open about two months. Nevertheless some people say they can see the beauties and advantages of division!

Attention is directed to the advertisement of two important bridges to be let out to the lowest bidder by the County Commissioners on Little River and Chauga, the former on the 22d and the latter on the 23d instants. The neighboring public should turn out and attend to these important matters.

Mr. M. W. Coleman, of Seneca City, is announced this week as a candidate for the Legislature. He did business at Wallhalla for a number of years and then removed to Seneca City and engaged in merchandizing and hotel keeping, at both which places he was and is known as an upright and intelligent man. He will make a good representative if elected, as all who know him will feel satisfied.

Attention is directed to the announcements of Thomas Bibb and O. I. Walker as candidates for County Commissioners. Mr. Bibb is an intelligent farmer and skilled mechanic and once served the county as commissioner to the general satisfaction. Mr. Walker is an intelligent farmer and one of our best citizens. Both these gentlemen are staunch Democrats and if elected would doubtless fill the office of commissioner to the satisfaction of the public.

Rev. Dr. Mullally and family have come and domiciled in Mr. Shelor's house, near the Baptist church. The Doctor's health seems quite restored and he proposes to begin his pastoral work. Preaching may therefore be expected in the Presbyterian church next Sabbath at 11 A. M. and 7 1/2 P. M. We heartily welcome Dr. Mullally and his family and wish them many years of pleasant sojourn among us and that the Doctor's work, both as a minister and educator, may be greatly prospered.

The weather for some time has been too wet for the good of the crops. Corn is made and good curing weather would enable the people to save more and better fodder. Cotton has been injured also. We hear some reports of rust and shedding in the county and we see also a similar state of things reported in Georgia and other States. With a late fall the crop will be good, otherwise it will be sadly out off. The weed is unusually large, but we hardly think the crop of bolls at present an average.

The Atlanta Constitution, full of news from all parts of the United States, full of reliable and commercial intelligence, full of good literary and editorial articles, reaches us by 12 o'clock of the day of its publication. You will find in it articles to amuse, to interest and to profit and we regard it as one of the best dailies published in the South. It is especially valuable to merchants and farmers, as it furnishes them with the latest commercial news and also because Atlanta is a large wholesale city of corn, flour, bacon, dry goods, &c., with which our people extensively trade. It should be largely patronized by the business men of our county and along the railroad, because its intelligence is eight or ten hours earlier than any other daily published in the South. We find it invaluable as an exchange, as our frequent interesting extracts from its columns attest and we recommend it to all desiring a reliable newspaper.

Special attention is directed to our advertisements of valuable lands for sale on next Saturday. The Maxwell place is a very valuable farm for corn and cotton and is well improved. It has both fine uplands and lowlands on it, as also a choice fruit orchard. The Davis place is one of the best farms on Tugaloo, containing about 80 or 90 acres of first class bottom land, also fine uplands. It has good improvements also. The Gibson-Cane place lies on Beaverdam, near Fair Play, and is in a fine neighborhood and from the location we would suppose it to be a superior corn and cotton farm. Land buyers will find it to their interest to look at these lands and attend their sales.

We are indebted to our efficient and obliging County Auditor for the following list of the personal property of the county, its various kinds and the value thereof and the aggregate value of the whole. It will prove interesting to our readers. The list is made for the year 1882:

1,399 horses,	\$65,933
6,350 cattle,	49,336
871 mules,	46,438
4,680 sheep,	4,246
5,870 hogs,	9,272
301 watches,	0,377
91 pianos,	6,158
1,810 wagons and buggies,	37,308
1,467 dogs,	1,658
Merchandise,	80,650
Manufactories,	4,400
Machinery,	30,765
Money,	13,768
Credits,	60,678
Stocks,	800
Bonds,	7,000
Household furniture,	18,165
Total,	\$502,421

We gather from the Charleston News and Courier the following facts relative to the primary election held in Pickens county on the 1st instant. The vote was small and the result to some extent unexpected. The total vote polled was 1,439, of which Dr. W. T. Field received 766 for the Senate, against 635 for Col. R. E. Bowen. W. R. Berry and J. E. Boggs, Esq., were nominated for the Legislature, both new men. J. H. Newton was nominated for Probate Judge, J. B. Talley, B. S. Freeman and Elias Day for County Commissioners, O. L. Durant for School Commissioner, J. B. Clyde for Auditor and J. H. Bowen for Treasurer. Col. Bowen was a very popular and worthy citizen and his defeat is attributed to a report that he favored a county tax in aid of projected railroad lines. Dr. Field is also an intelligent and worthy citizen as well as a large property holder and will doubtless make a good Senator.

WILL BE SENT FREE.—Four beautiful Franco Chamois Heads to every one who is using, or has used, Brown's Iron Bitters. Write, stating disease for which medicine was taken, benefits derived, &c., giving correct address, to BROWN CHEMICAL CO., Baltimore, Md.

Good Ripe Fruit.—There is nothing more healthy than good ripe fruit, but a little too much will often cause griping pains in the stomach. A dose of Norman's Neutralizing Cordial will cure all such pains. Always keep a supply on hand. You will never regret it. Small size only 25 cents.

The Biggest Show Yet.—The only show coming to Wallhalla this season that owns its own Cars, is S. H. Barrett & Co.'s New United Monster Railroad Shows. The only Show advertised to visit Wallhalla, on October 4th, that has a name and character to sustain, and which hopes to visit you on some future time, knowing that it will give satisfaction and exhibit all it advertises, making friends who will welcome its return. The excellence of this exhibition is decided by the press of other cities to be the best ever traveled. The following is copied from a late exchange.

The large crowd which assembled to witness the exhibition of S. H. Barrett & Co., both afternoon and evening, on Monday, was certainly gratifying in a high degree to the managers. The large tents were crowded, and at night, notwithstanding the rain had been falling in torrents, and the grounds were muddy and covered with pools of water, the managers were compelled to put in extra seats, which were immediately filled. The show was one of great excellence, and its success in this place may be largely attributed to the management of Mr. Willis Cobb, who seems especially adapted to his situation. The three shows were a pleasing feature of the show and some of the local hits they made were very happy. The horizontal bar champions, Dunbar and Reno, were experts. The equestrian performances were of the highest order, and some of the acts were truly thrilling. M'lo Idelletta and Moneurs Wallace in their tight rope performances were the authors of deeds of startling, daring and strength. The bicycle whirling through the air was a new and interesting feature. The tumbling was more than good, the music charming, and every feature of the stupendous collection of amusements surpassed the most ardent expectation. The show was most largely attended of any that had been in this city for years.—Roanoke Times, Aug. 4, 1882.

FOUND AT LAST.—An agreeable dressing for the hair that will stop its falling has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

IMPROVEMENT FOR MIND AND BODY.—There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—Commercial.

BUSINESS LOCALS.

Look HERE.—Having made arrangements with Mr. W. H. Lindsey, at Fair Play, to collect for us this fall, we would respectfully notify all persons owing us money in that section that their notes and accounts can be found in his hands and settlements can be made either with him or at the store. Remember we shall insist on early settlements. In the mean time don't forget we are selling goods at rock bottom prices.

D. H. & W. S. GLENN.

The meeting at Pickens on Saturday was attended by an orderly and very attentive crowd of about 1,000 people. Col. Hugh S. Thompson, Mr. Sheppard, Col. Lipscomb, Col. Edwards, and Representative Aiken spoke earnestly and effectively, and were closely listened to.

ELASTIC INDEED.—The Republicans of South Carolina are to fuse with the Greenbackers; in North Carolina, with the anti-Prohibitionists; in Indiana, with the Prohibitionists; in Virginia, with the Republicanists; in Tennessee, with the State credit people; in Arkansas, with the Low Tax party, and in Georgia and Texas, with the Independents. Certainly a party of most elastic principles.—Mobile Register.

Letters received from prominent and reliable farmers of North Carolina say that the cotton, tobacco and corn crops throughout the State, as far as heard from, are growing finely. The present indications are that the yield will be much larger than at first expected. Cotton is later than last year by a few weeks though the quality is much better.

The temperance people of Abbeville county, S. C., tore down a licensed fruit distillery the other day. In doing this they violated the laws of their State and committed a flagrant outrage upon private property. A few such acts will ruin the temperance cause in Carolina.—Atlanta Post Appeal.
